 2015- 2018

PROFILE

Hi there! I'm Josh, a Dallas-based web developer with a knack for programming and design. My passion comes from bringing together each aspect of the customer journey across both development and design processes. I focus on creating production-ready applications utilizing UX principles with scalable, clean code.

EXPERIENCE

Remote Front-End Developer | 2020 - Present

SALLY BEAUTY www.sallybeauty.com, www.cosmoprofbeauty.com

- Was a core contributor to a complete website redesign of CosmoProf. www.pilot.cosmoprofbeauty.com
- Developed and led multiple campaigns that launched at a global scale.
- Designed and developed numerous templates utilizing Salesforce (SFCC).

Front-End Developer | 2019 - 2020

IMAGINUIITY www.imaguinity.com

- Developed the entire front end for multiple high-traffic websites. www.stallionoilfield.com, www.uptexas.org
- Actively developed features and multiple templates for various corporate clients. www.webuyuglyhouses.com, www.homevestors.com, www.advancial.org
- Maintained 10 React-based themes responsible for over 100 established malls. www.visithalcyon.com, www.liberty-center.com, www.windwardcity.com

Freelance Front End Development | 2019 - Present

JOSHUA ROPER www.joshuaroper.com

- Helped architect a React-based platform bringing multiple themes into a single cohesive template.
- Developing the entire Front End for a multi-billion dollar insurance company.
- Redesigned Writing Revolt to optimize conversion, performance, and site security.
- Designed and developed multiple Gatsby-based themes with a primary focus on revenue generation.

Web Development and Marketing | 2017 - 2018

CREATIVE REVOLT www.creativerevolt.com

- Developed and designed multiple pages targeting their desired niche.

PROJECTS

Check my online portfolio for more projects.
www.joshuaroper.com

STALION | www.stallionoilfield.com

I was tasked with being the lead front-end developer on a complete website rebuild. I created multiple advance components with an emphasis on clean code and modularity.

HALCYON | www.visithalcyon.com

As a front end developer on the project. I was tasked with creating various advanced templates. I worked with multiple APIs, React Static, and clean code.
